Great News from CDC.....

Pat spoke with Sandra Browning today regarding the ELC rollover request. She thought the projects were wonderful and is sending projects on for specific area support. Sandra delivered more good news.....CDC is reinstating NARMS project for \$7,000 and increasing PulseNet by \$8,000 and Influenza by \$6,528. As soon as the NGA is received I will let you know. It looks like all the funding will go to additional lab supplies.
